DOCKET 33709

PROCEDURAL RULING

On July 23, 2026, the Southern Environmental Law Center ("SELC") filed a request that the Commission change the public participation measures in this generic proceeding. The Commission established those measures to invite public participation within a timeframe that allows for approval of a contract review process before the effective date of Act No. 2026-610 (October 1, 2026). This ruling does not alter those measures; however, to facilitate public participation, the Commission has added a banner on the homepage of its website with a link to instructions for submitting and viewing comments. Further, if any member of the public is having difficulty submitting comments, they are encouraged to contact the Commission at 334-242-5218 for assistance. Commission Staff will work with members of the public to ensure their comments are included in the record for this proceeding.

In the July 23, 2026 filing, SELC also asks that three of its attorneys be added to the service list for this proceeding. The Commission will maintain a service list for this matter, but interested parties submitting comments are not required to serve the comments on the parties on the service list.

IT IS SO RULED.

DONE at Montgomery, Alabama, this 24th day of July, 2026.
