11 cases under title 11 of the United States Code (the "Bankruptcy Code") in the United States Bankruptcy Court for the Southern District of New York (the "Bankruptcy Court").

Proposed Adequate Assurance and Objection Procedures. On the Petition Date, the Debtors filed their Motion for Entry of Interim and Final Orders Determining Adequate Assurance of Payment for Future Utility Services [Docket No. 24] (the "Motion"). On April 15, 2009, the Bankruptcy Court entered the Interim Order Determining Adequate Assurance of Payment for Future Utility Services [Docket No. 196] (the "Interim Order"). A copy of the Interim Order is annexed hereto as **Exhibit A**.

Pursuant to the Interim Order, the Bankruptcy Court approved, on an interim basis, (a) the adequate assurance of payment (the "Proposed Adequate Assurance") for utilities (as such term is defined in section 366 of the Bankruptcy Code, collectively, the "Utility Providers"), (b) the procedures for Utility Providers to request additional or different adequate assurance (the "Adequate Assurance Procedures") and (c) the procedures to object to the Interim Order (the "Objection Procedures"), both as set forth on **Exhibit 1** annexed to the Interim Order. Pursuant to the Interim Order, the Bankruptcy Court further deemed that all Utility Providers have received adequate assurance of payment pursuant to section 366 of the Bankruptcy Code pending a final hearing (the "Final Hearing") on the Motion.

You are receiving this notice because your rights may be affected by the Interim Order. Although the Debtors have attempted to list all of the approximately 1500 Utility Providers on **Exhibit C** to the Motion, it is too voluminous to list on **Exhibit C** all of the approximately 30,000 individual accounts at the Utility Providers. Accordingly, a comprehensive list of the individual accounts at the Utility Providers can be obtained at www.kccellc.net/Charter or by contacting Albert Kass at KCC via email at akass@kccellc.com or by phone at (310) 776-7360.

The Final Hearing on the relief requested in the Motion shall occur on May 20, 2009 at 10:00 a.m. (prevailing Eastern Time)

Pursuant to the Objection Procedures, any objections to the Interim Order must be actually received no later than **4:00 p.m. (prevailing Eastern Time) on May 13, 2009** (the "Objection Deadline") by the following parties: (a) Charter Communications, Inc., 12405 Powerscourt Drive, St Louis, Missouri 63131-3660, Attn: Brent Trask; (b) Kirkland & Ellis LLP, Citigroup Center, 153 East 53rd Street, New York, NY 10022-4611, Attn: Stephen E. Hessler and Jonathan S. Zinman; and (c) the Office of the United States Trustee for the Southern District of New York at 33 Whitehall Street, 21st Floor, New York, New York 10004 (collectively, the "Notice Parties").

Falcon Community Cable, L.P.; Falcon Community Ventures I, LP; Falcon First Cable of the Southeast, Inc.; Falcon First, Inc.; Falcon Telecable, a California Limited Partnership; Falcon Video Communications, L.P.; Helicon Partners I, L.P.; HPI Acquisition Co., L.L.C.; Interlink Communications Partners, LLC; Long Beach, LLC; Marcus Cable Associates, L.L.C.; Marcus Cable of Alabama, L.L.C.; Marcus Cable, Inc.; Midwest Cable Communications, Inc.; Peachtree Cable TV, L.P.; Peachtree Cable T.V., LLC; Renaissance Media LLC; Rifkin Acquisition Partners, LLC; Robin Media Group, Inc.; Scottsboro TV Cable, Inc.; Tennessee, LLC; The Helicon Group, L.P.; Tioga Cable Company, Inc.; and Vista Broadband Communications, LLC.

Any Utility Provider who fails to file a timely objection to the Interim Order in accordance with the Objection Procedures is deemed to consent to the Adequate Assurance Procedures and shall be bound by the final order approving the Motion.

Neither the Debtors' counsel nor the Bankruptcy Court Clerk's Office can provide you with any legal advice. In such circumstances, you may wish to consult an attorney to protect your rights.

deemed to have received adequate assurance of payment in compliance with section 366 of the Bankruptcy Code, pending entry of an order (the "Final Order") after the final hearing (the "Final Hearing") on the Motion.

4. The Debtors shall deposit the Adequate Assurance Deposit into the Adequate Assurance Deposit Account. The Adequate Assurance Deposit, together with the Debtors' ability to pay for future utility services in the ordinary course of business, shall constitute adequate assurance as required by section 366(b) of the Bankruptcy Code, pending entry of the Final Order.

5. A Utility Provider desiring additional assurances of payment in the form of deposits, prepayments or otherwise must serve a request (an "Additional Assurance Request") in accordance with the procedures set forth on Exhibit 1 annexed hereto (the "Adequate Assurance Procedures") upon the Debtors at the following addresses: (a) Charter Communications, Inc., 12405 Powerscourt Drive, St Louis, Missouri 63131-3660, Attn: Brent Trask; and (b) Kirkland & Ellis LLP, Citigroup Center, 153 East 53rd Street, New York, New York 10022-4611, Attn.: Stephen E. Hessler; and the Office of the United States Trustee for the Southern District of New York at 33 Whitehall Street, 21st Floor, New York, New York 10004 (together, the "Notice Parties").

6. Any Additional Assurance Request must (a) be made in writing, (b) set forth the location for which utility services are provided, (c) include a summary of the Debtors' payment history relevant to the affected account(s), including any security deposits, and (d) explain why the Utility Provider believes the Proposed Adequate Assurance is not sufficient adequate assurance of future payment.

7. Upon the Debtors' receipt of any Additional Assurance Request at the addresses set forth in paragraph 4 of this Interim Order, the Debtors shall have the greater of (a) twenty days from the receipt of the Additional Assurance Request and (b) thirty days from the Petition Date (collectively, the "Resolution Period") to negotiate with the Utility Provider to resolve the Utility Provider's Additional Assurance Request.

8. The Debtors may, in their discretion, resolve any Additional Assurance Request by mutual agreement with the Utility Provider and without further order of the Court, and may, in connection with any such agreement, in their sole discretion, provide a Utility Provider with additional adequate assurance of payment, including, but not limited to, cash deposits, prepayments and other forms of security, without further order of this Court if the Debtors believe additional assurance is reasonable.

9. The Adequate Assurance Deposit attributable for each Utility Provider shall be returned to the Debtors on the earlier of (a) the Debtors' termination of services from such provider and (b) the conclusion of the chapter 11 cases, if not applied earlier.

10. If the Debtors determine that an Additional Assurance Request is not reasonable and are not able to reach an alternative resolution with the Utility Provider filing the Additional Assurance Request during the Resolution Period, the Debtors, during or immediately after the Resolution Period, will request a hearing before the Court on proper notice to determine the adequacy of assurances of payment with respect to a particular Utility Provider (the "Determination Hearing") as the term is used in section 366(c)(3) of the Bankruptcy Code.

11. Pending resolution of such dispute at the Determination Hearing, the Utility Provider filing the Additional Assurance Request shall be prohibited from altering, refusing or

discontinuing service to the Debtors on account of unpaid charges for prepetition services or on account of any objections to the Proposed Adequate Assurance.

12. Any Utility Provider who objects to the Proposed Adequate Assurance or the Adequate Assurance Procedures must file an objection (each, a "Procedure Objection") in accordance with the procedures set forth on Exhibit 1 amended hereto (the "Objection Procedures") so that it is actually received by the Notice Parties no later than twenty business days after the entry of this Interim Order by the Court (the "Objection Deadline").

13. Any Procedure Objection must be filed with the Clerk of the United States Bankruptcy Court for the Southern District of New York, together with proof of service thereof, and served by personal service or by overnight delivery, so as to be actually received no later than 4:00 p.m. (prevailing Eastern Time) on May 13, 2009 (the Objection Deadline) by the Notice Parties.

14. The Final Hearing is set for May 20, 2009 at 10:00 a.m. (prevailing Eastern Time).

15. All Utility Providers who do not timely file a Procedure Objection are deemed to consent to the Adequate Assurance Procedures and shall be bound by the Final Order.

16. A Utility Provider shall be deemed to have adequate assurance of payment within the meaning of section 366 of the Bankruptcy Code unless and until (a) the Debtors, in their sole discretion, agree to an alternative assurance of payment with the Utility Provider or (b) the Court enters an order at the Final Hearing requiring that additional adequate assurance of payment be provided.

17. The Debtors are authorized, in their sole discretion, to amend the Utility Service List to add or delete any Utility Provider, and this Interim Order shall apply to any Utility Provider that is subsequently added to the Utility Service List.

18. The form of the notice of the Final Hearing amended hereto as Exhibit 2 (the "Final Hearing Notice") is approved.

19. The Debtors shall serve a copy of the Motion, the Interim Order, the applicable portion of the Utility Service List and the Final Hearing Notice on each Utility Provider listed on the Utility Service List no later than three business days after the date this Interim Order is entered, and shall similarly serve a copy of the Motion, this Interim Order, the applicable portion of the Utility Service List and the Final Hearing Notice on each Utility Provider subsequently added by the Debtors to the Utility Service List.

20. The Debtors are authorized to take all actions necessary to effectuate the relief granted pursuant to this Interim Order in accordance with the Motion.

21. The terms and conditions of this Interim Order shall be immediately effective and enforceable upon its entry.

22. This Court retains jurisdiction with respect to all matters arising from or related to the implementation of this Interim Order.

1. The terms of the Interim Order and Final Order apply to any subsequently identified Utility Provider. For those Utility Providers that are subsequently

added to Exhibit C attached to the Motion (the "Utility Service List"), the Debtors will serve a copy of the Motion, the Interim Order or Final Order, as appropriate, the applicable portion of the Utility Service List and the Final Hearing Notice on subsequently added Utility Provider. Subsequently added entities would then have twenty days from service of the Motion, the Interim Order or Final Order, as appropriate, the applicable portion of the Utility Service List and the Final Hearing Notice to make an objection (the "Subsequent Objection Deadline" and with the Objection Deadline, the "Deadlines").

² The Debtors are filing this Motion on the Petition Date and requesting that the Court hear it at the Debtors’ first scheduled omnibus hearing, consistent with local practice. The Debtors note that Section 366 of the Bankruptcy Code expressly provides that “a utility may not alter, refuse, or discontinue service” because a debtor has commenced a chapter 11 case or has an unpaid prepetition balance, unless a debtor does not provide adequate assurance of payment within 30 days of the petition date. 11 U.S.C. § 366(a), 11 U.S.C. § 366(c). Because this Court is expected to rule on the adequate assurance proposed by the Debtors in this Motion within 30 days, the

substantially in the forms attached hereto as Exhibit A and Exhibit B, respectively, determining adequate assurance of payment for future utility services. In support of this Motion, the Debtors respectfully state as follows:

Jurisdiction

1. The Court has jurisdiction over this matter pursuant to 28 U.S.C. §§ 157 and 1334. This matter is a core proceeding within the meaning of 28 U.S.C. § 157(b)(2).
2. Venue is proper pursuant to 28 U.S.C. §§ 1408 and 1409.
3. The statutory bases for the relief requested herein are sections 105(a) and 366 of title 11 of the United States Code (the "Bankruptcy Code").

Background³

4. Charter is one of the largest providers of broadband entertainment and communications services in the United States. Specifically, Charter is the fourth-largest cable operator in the country, with operations in 27 states and approximately 5.5 million residential and commercial customers. As of the date hereof (the "Petition Date"), Charter has approximately 16,500 employees, of which approximately 100 employees are represented by one collective bargaining agreement. Unlike many companies entering chapter 11, Charter comes before this Court at a time when its business is continuing to grow. Charter is operationally sound and by all accounts heading in the right direction as a functioning business. Charter

Debtors do not anticipate any interruption in their utility service. If, however, any utility does alter, refuse, or discontinue service—in contravention of the clear terms of the Bankruptcy Code—the Debtors will seek emergency relief from this Court to enforce the protections of 11 U.S.C. § 366.

³ A description of the Debtors' business, the reasons for filing these Chapter 11 Cases and the relief sought from this Court to allow for a smooth transition into chapter 11 are set forth in the Declaration of Gregory L. Doody, Chief Restructuring Officer and Senior Counsel of Charter Communications, Inc., in Support of First Day Pleadings (the "First Day Declaration") filed contemporaneously with this Motion.

generates significant positive cash flow before debt service and has achieved upward, favorable trends as an operating enterprise. Charter is before this Court primarily because of recent deteriorating capital market conditions and its significant debt load of approximately \$21.7 billion.

5. After lengthy negotiations, Charter reached agreement with the holders of approximately 73% (approximately \$2.9 billion in principal amount) of the CCH I, LLC ("CCH I") notes, holders of approximately 52% (approximately \$1.3 billion in principal amount) of the CCH II ("CCH II") notes (collectively, the "Crossover Committee"), and Paul G. Allen ("Mr. Allen") on the terms of a consensual, prearranged plan of reorganization (the "Plan"). Since reaching an agreement on the material terms of the Plan, the parties have engaged in extensive negotiations relating to the documentation of the Plan, the accompanying disclosure statement, and the exhibits thereto.

6. The Plan essentially provides for a balance sheet restructuring that will leave intact both Charter's operations and the senior portion of its capital structure. The Plan also provides that Charter's trade creditors will be paid in full. To that end, Charter has filed a motion with the Court seeking to pay its trade creditors in the ordinary course of business. Charter believes that such payment will allow it to continue its operations with minimal disruption and preserve its enterprise value for the benefit of the Debtors' estates, creditors, and all parties in interest. The secured prepetition lenders of Charter's operating subsidiary, whose cash collateral is being used to pay these trade creditors, support this relief.

7. The Plan will be funded with (a) cash on hand and cash generated from Charter's operations, (b) an exchange of CCH II notes (the "Notes Exchange"), (c) an additional debt commitment by certain holders of CCH II notes (the "New Debt Commitment"), and (d) the

proceeds of an equity rights offering (the “Rights Offering”) that certain members of the Crossover Committee have agreed to backstop. Charter expects to raise an aggregate amount of approximately \$1.2 billion through the Notes Exchange, \$267 million through the New Debt Commitment, and up to \$2 billion through the Rights Offering. Importantly, other than the Plan funding described above, Charter is not seeking to enter into debtor-in-possession financing. Charter intends to fund these chapter 11 cases (the “Chapter 11 Cases”) using cash on hand and significant positive cash flow from operations. As of March 27, 2009, Charter had approximately \$700 million in cash on hand and cash equivalents.

8. On the Petition Date, each of the Debtors filed a petition with the Court under chapter 11 of the Bankruptcy Code. The Debtors are operating their businesses and managing their properties as debtors in possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code. No request for the appointment of a trustee or examiner has been made in the Chapter 11 Cases, and no committees have been appointed or designated. Concurrently with the filing of this Motion, the Debtors have requested procedural consolidation and joint administration of the Chapter 11 Cases.

The Utility Providers

9. In connection with the operation of their businesses and management of their properties, the Debtors obtain gas, water, sewer, electric, telecommunications and other similar utility services provided from approximately 1500 utility companies (collectively, the “Utility Providers”) through approximately 30,000 accounts. Attached hereto as **Exhibit C** is a list of the Utility Providers who rendered services to the Debtors as of the Petition Date (the

"Utility Service List").⁴ On average, the Debtors spend approximately \$10,000,000 each month on utility costs. As of the Petition Date, the Debtors estimate that approximately \$17,000,000 in utility costs may be outstanding. The Debtors do not believe they owe any past due amounts to the Utility Providers.

10. Uninterrupted utility services are essential to the Debtors' ongoing operations and, therefore, to the success of their reorganization. Indeed, any interruption of utility services, even for a brief period of time, would negatively affect the Debtors' operations, customer relationships, revenues and profits, seriously jeopardizing the Debtors' reorganization efforts and, ultimately, value and creditor recoveries. It is, therefore, critical that utility services continue uninterrupted during the chapter 11 cases (the "Chapter 11 Cases").

I. Proposed Adequate Assurance

11. The Debtors propose to pay postpetition obligations owed to the Utility Providers in a timely manner. The Debtors expect that their cash flow from operations and cash on hand will be sufficient to pay postpetition obligations related to their utility service.

12. Nonetheless, to provide additional assurance of payment for future services to the Utility Providers, the Debtors propose to deposit approximately \$5,000,000, an amount equal to the estimated aggregate cost for two weeks of utility service, extrapolated from the historical

⁴ Although the Debtors have made every effort to identify all Utility Providers, it is possible that certain Utility Providers may have been omitted inadvertently from Exhibit C. Accordingly, the Debtors reserve the right to supplement Exhibit C in the event that additional Utility Providers are identified. Additionally, it is possible that certain entities may have been mistakenly included on Exhibit C. Therefore, the Debtors reserve the right to assert that any such entities are not Utility Providers entitled to adequate assurance pursuant to section 366 of the Bankruptcy Code and to argue that any such entity is compelled by contractual obligation, state or local law, or otherwise, to continue to furnish services to the Debtors notwithstanding the filing of the Chapter 11 Cases.

Furthermore, although the Debtors have attempted to list all of the approximately 1500 Utility Providers on Exhibit C, because it would be too voluminous to list all of the approximately 30,000 individual accounts at the Utility Providers, a comprehensive list of these individual accounts can be obtained at www.kccllc.net/Charter or by contacting Albert Kass at KCC via email at akass@kccllc.com or by phone at (310) 776-7360.

average payments over the past 12 months (the "Adequate Assurance Deposit"), into a newly created, segregated, interest-bearing account (the "Adequate Assurance Deposit Account") for Utility Providers.⁵

13. The Debtors submit that the Adequate Assurance Deposit, in conjunction with the Debtors' demonstrated ability to pay for future utility services in the ordinary course of business (together, the "Proposed Adequate Assurance"), constitutes sufficient adequate assurance to the Utility Providers. If any Utility Provider believes additional assurance is required, that Utility Provider may request such assurance pursuant to the procedures set forth below.

14. In light of the severe consequences to the Debtors of any interruption in services by the Utility Providers, but recognizing the right of the Utility Providers to evaluate the Proposed Adequate Assurance on a case-by-case basis, the Debtors propose that the Court approve and adopt the following procedures (the "Adequate Assurance Procedures"):

- a. Within two business days after entry of the Interim Order, the Debtors will mail a copy of the Interim Order to the Utility Providers on the Utility Service List.
- b. If a Utility Provider is not satisfied with the Proposed Adequate Assurance and seeks additional assurance of payment in the form of deposits, prepayments, or otherwise, it must serve a request (an "Additional Assurance Request") upon: (i) Charter Communications Inc., 12405 Powerscourt Drive, Suite 100, St. Louis, Missouri 63131, Attn.: Brent Trask; and (ii) proposed counsel to the Debtors, Kirkland & Ellis LLP, 153 East 53rd Street, New York, New York 10022, Attn.: Stephen E. Hessler and Cindy Y. Chen (collectively, the "Notice Parties").
- c. Any Additional Assurance Request must: (i) be made in writing; (ii) set forth the location for which utility services are provided; (iii) include a summary of the Debtors' payment history relevant to the affected account(s), including any security deposits; (iv) explain why the Utility

⁵ The Debtors further request that any Adequate Assurance Deposit required by, and deposited into the Adequate Assurance Deposit Account on behalf of, any Utility Provider be returned to the Debtors at the conclusion of these cases, if not applied or returned earlier.

Provider believes the Debtors' Adequate Assurance is not sufficient adequate assurance of future payment; and (v) be actually received by the Notice Parties within 10 days after the entry of the Final Order.

- d. Upon the Debtors' receipt of any Additional Assurance Request at the addresses set forth above, the Debtors shall have the greater of (i) 20 days from the receipt of the Additional Assurance Request and (ii) 45 days from the Petition Date (collectively, the "Resolution Period") to negotiate with the Utility Provider to resolve the Utility Provider's request for additional assurance of payment.
- e. The Debtors may, in their sole discretion, resolve any Additional Assurance Request by mutual agreement with the Utility Provider and without further order of the Court, and may, in connection with any such agreement, in their sole discretion, provide a Utility Provider with additional adequate assurance of future payment, including, but not limited to, cash deposits, prepayments, and other forms of security, without further order of the Court if the Debtors believe additional assurance is reasonable.
- f. If the Debtors determine that the Additional Assurance Request is not reasonable and are not able to reach an alternative resolution with the Utility Provider during the Resolution Period, the Debtors, during or immediately after the Resolution Period, will request a hearing before the Court to determine the adequacy of assurances of payment with respect to a particular Utility Provider (the "Determination Hearing") pursuant to section 366(c)(3) of the Bankruptcy Code.
- g. Pending resolution of any Determination Hearing, the Utility Provider filing an Additional Assurance Request shall be prohibited from altering, refusing, or discontinuing service to the Debtors on account of unpaid charges for prepetition services or on account of any objections to the Debtors' Adequate Assurance.
- h. The Proposed Adequate Assurance shall be deemed adequate assurance of payment for any Utility Provider that fails to make a timely Additional Assurance Request and so long as the Utility Provider has timely requested (and otherwise qualifies for) the Proposed Adequate Assurance.

15. Absent compliance with the Adequate Assurance Procedures, the Utility Providers are forbidden to alter, refuse or discontinue service on account of any prepetition charges, or require additional assurance of payment other than the Proposed Adequate Assurance, pending entry of the Final Order.

II. Final Hearing Date

16. Historically, under section 366 of the Bankruptcy Code, chapter 11 debtors were able to put the onus on utility providers to argue that the debtor's proposed form of adequate assurance was insufficient. However, as described in more detail below, section 366 of the Bankruptcy Code, as amended by the Bankruptcy Abuse Prevention and Consumer Protection Act of 2005 ("BAPCPA"), arguably shifts the burden onto debtors to provide adequate assurance the utility provider finds satisfactory and to seek court review if the utility provider does not accept the proposed adequate assurance. Under this reading of revised section 366 of the Bankruptcy Code, a Utility Provider could, theoretically, on the 29th day following the Petition Date, announce that the Proposed Adequate Assurance is not acceptable and demand an extortionary deposit or prepayment from the Debtors and threaten to terminate utility service the next day unless the Debtors comply with the demand. While the Debtors do not concede that this is a correct reading of revised section 366 of the Bankruptcy Code, the Debtors nonetheless believe it is prudent to require Utility Providers to raise any objections to the Proposed Adequate Assurance and the proposed Adequate Assurance Procedures so that objections may be heard within the first 30 days of the Petition Date.

17. To resolve any objections to the Proposed Adequate Assurance and the Proposed Adequate Assurance Procedures no later than 30 days after the Petition Date, the Debtors request that the Court schedule the Final Hearing approximately 25 days after the Petition Date. The Debtors shall send notice of the Final Hearing, in substantially the form of Exhibit 1 annexed to Exhibit A attached hereto, along with the Interim Order to all Utility Providers listed the Utility Service List, no later than two business days after entry of the Interim Order.

III. Subsequent Modifications

18. To the extent that the Debtors subsequently identify additional providers of utility services, the Debtors seek authority, in their sole discretion, to amend the Utility Service List to add or remove any Utility Provider. The Debtors further request that the Court make the Interim Order and the Final Order apply to any subsequently identified Utility Provider, regardless of when each Utility Provider was added to the Utility Service List, provided that any newly identified Utility Provider shall have until the later of (a) 10 days from the date of such service or (b) 10 days from the date of the Final Order to serve an Additional Assurance Request in compliance with the proposed Adequate Assurance Procedures. Any such request must actually be received by the Notice Parties. The Debtors shall have the period specified in the proposed Adequate Assurance Procedures to seek to resolve any such request by mutual agreement with the Utility Provider without further order of the Court or to schedule a Determination Hearing with the Court to determine the adequacy of assurance of payment with respect to the Utility Provider in accordance with the Adequate Assurance Procedures.

19. The Debtors request that all Utility Providers, including subsequently added Utility Providers, be prohibited from altering, refusing, or discontinuing utility services to the Debtors absent further order of the Court.

Relief Requested

20. By this Motion, the Debtors seek the entry of interim and final orders (the “Interim Order” and “Final Order,” respectively): (a) determining that the Utility Providers (as defined herein) have been provided with adequate assurance of payment within the meaning of section 366 of the Bankruptcy Code; (b) approving the Debtors’ proposed offer of adequate assurance and procedures governing the Utility Providers’ requests for additional or different adequate assurance; (c) prohibiting the Utility Providers from altering, refusing, or discontinuing services on account of prepetition amounts outstanding and on account of any perceived

inadequacy of the Debtors' proposed adequate assurance pending entry of the Final Order; (d) determining that the Debtors are not required to provide any additional adequate assurance beyond what is proposed by this Motion, pending entry of the Final Order; and (e) setting a final hearing (the "Final Hearing") on the Debtors' proposed adequate assurance.

Basis for Relief

21. Congress enacted section 366 of the Bankruptcy Code to protect debtors from utility service cutoffs upon a bankruptcy filing while providing utility companies with adequate assurance that the debtors will pay for postpetition services. See H.R. Rep. No. 95-595, at 350 (1978), reprinted in 1978 U.S.C.C.A.N. 5963, 6306. Accordingly, section 366 of the Bankruptcy Code protects debtors by prohibiting utilities from altering, refusing or discontinuing services to a debtor solely on account of unpaid prepetition amounts for a period of thirty days after a chapter 11 filing. At the same time, it protects utilities by permitting them to alter, refuse or discontinue service after thirty days if the debtor has not furnished "adequate assurance" of payment in a form "satisfactory" to the utility.

22. As revised by BAPCPA, section 366(c) of the Bankruptcy Code restricts the factors that a court can consider when determining whether an adequate assurance payment is, in fact, adequate. Specifically, courts may no longer consider (a) the absence of a security deposit before a debtor's Petition Date, (b) a debtor's history of timely payments or (c) the availability of an administrative expense priority when determining the amount of a deposit. Notwithstanding these changes, it does not appear that Congress intended to—or did—abrogate the bankruptcy court's ability to determine the amount of adequate assurance necessary or change the fundamental requirement that assurance of payment must simply be "adequate."

23. Thus, while section 366(c) of the Bankruptcy Code limits the factors a court can consider when determining whether a debtor has provided adequate assurance of payment, it

does not limit the court's ability to determine the amount of payment necessary, if any, to provide adequate assurance. Instead, section 366(c) of the Bankruptcy Code gives courts the same discretion in determining the amount of payment necessary for adequate assurance that they previously had under section 366(b) of the Bankruptcy Code. Compare 11 U.S.C. § 366(b) (2005) ("On request of a party in interest and after notice and a hearing, the court may order reasonable modification of the amount of the deposit or other security necessary to provide adequate assurance of payment.") with 11 U.S.C. § 366(c)(3)(A) (2005) ("On request of a party in interest and after notice and a hearing, the court may order modification of the amount of an assurance payment under paragraph (2)").

24. In addition, it is well established that section 366(b) of the Bankruptcy Code permits a court to find that no adequate assurance payment at all is necessary to provide a utility with adequate assurance of payment. See Virginia Elec. & Power Co. v. Caldor Inc.-N.Y., 117 F.3d 646, 650 (2d Cir. 1997) ("Even assuming that 'other security' should be interpreted narrowly, . . . a bankruptcy court's authority to 'modify' the level of the 'deposit or other security' provided for under § 366(b), includes the power to require 'no deposit or other security' where none is necessary to provide a utility supplier with 'adequate assurance of payment.'"). This principle may be applicable in cases where the debtor has made prepetition deposits or prepayments for services that utilities will ultimately render postpetition. See 11 U.S.C.

§ 366(c)(1)(A)(v) (recognizing a prepayment for postpetition services as adequate assurance). Accordingly, even after the recent revisions to section 366 of the Bankruptcy Code, courts continue to have discretion to determine the amount of adequate assurance payments and, where appropriate, to determine that no such payment is necessary.

25. Finally, section 366(c) of the Bankruptcy Code, like section 366(b) of the Bankruptcy Code, requires only that a utility's assurance of payment be "adequate." Courts recognize that adequate assurance of performance does not constitute an absolute guarantee of a debtor's ability to pay. See, e.g., In re Steinebach, 303 B.R. 634, 641 (Bankr. D. Ariz. 2004) ("Adequate assurance of payment is not, however, absolute assurance . . . a Bankruptcy Court is not required to give a utility company the equivalent of a guarantee of payment, but must only determine that the utility is not subject to any unreasonable risk of non-payment for postpetition services.") (citing In re Adelphia Bus. Solutions, Inc., 280 B.R. 63, 80 (Bankr. S.D.N.Y. 2002); see also In re Caldor, Inc.-N.Y., 199 B.R. 1, 3 (Bankr. S.D.N.Y. 1996) (section 366(b) "does not require an 'absolute guarantee of payment'"), aff'd sub nom. Virginia Elec. & Power Co. v. Caldor, Inc.-N.Y., 117 F.3d 646 (2d Cir. 1997). Courts have also recognized that, in determining the requisite level of adequate assurance, bankruptcy courts should "focus 'upon the need of the utility for assurance, and to require that the debtor supply no more than that, since the debtor almost perforce has a conflicting need to conserve scarce financial resources." Virginia Elec. & Power Co., 117 F.2d at 650 (emphasis in original); see also In re Penn. Cent. Transp. Co., 467 F.2d 100, 103-04 (3d Cir. 1972) (affirming bankruptcy court's ruling that no utility deposits were necessary where such deposits would likely "jeopardize the continuing operation of the [debtor] merely to give further security to suppliers who already are reasonably protected"). Accordingly, demands by a Utility Provider for a guarantee of payment should be refused when the Debtors' specific circumstances already afford adequate assurance of payment.

26. The Debtors have a powerful incentive to stay current on their utility obligations because of their reliance on utility services for the operation of their businesses. This fact, which the Court may (and should) consider when determining the amount of any adequate assurance

payments, justifies a finding that the Proposed Adequate Assurance is more than sufficient to assure the Utility Providers of future payment.

27. Moreover, if a Utility Provider disagrees with the Debtors' analysis, the Objection Procedures will enable the parties to negotiate and, if necessary, seek Court intervention without jeopardizing the Debtors' continuing operations. The Court has authority to approve the proposed procedures under section 105(a) of the Bankruptcy Code. Section 105(a) of the Bankruptcy Code provides that the Court "may issue any order, process or judgment that is necessary or appropriate to carry out the provisions of [the Bankruptcy Code]." The purpose of section 105(a) of the Bankruptcy Code is "to assure the bankruptcy courts [sic] power to take whatever action is appropriate or necessary in aid of the exercise of their jurisdiction." 2 Collier on Bankruptcy § 105.01, at 105-5 to 105-6 (15th ed. rev. 2007).

28. The proposed Adequate Assurance Procedures and Objection Procedures are necessary for the Debtors to carry out their reorganization efforts. If they are not approved, the Debtors could be forced to address numerous requests by their Utility Providers in a disorganized manner at a critical point in their reorganization. Moreover, the Debtors could be blindsided by a Utility Provider unilaterally deciding—on or after the 30th day following the Petition Date—that it is not adequately protected and discontinuing service or making an exorbitant demand for payment to continue service. Discontinuation of utility service could put the Debtors' reorganization efforts in jeopardy.

29. Several courts have approved similar adequate assurance deposits and procedures in other chapter 11 cases filed after BAPCPA became effective. See, e.g., In re Wellman, Inc., Case No. 05-10595 (Bankr. S.D.N.Y. March 19, 2008) (approving deposit equal to two weeks of utility service, calculated based on the historical average over the twelve months before the

Petition Date, as adequate assurance and opt-out procedures setting a final hearing to resolve objections to proposed adequate assurance); In re DJK Residential LLC, et al. (SIRVA, Inc.), Case No. 08-10375 (Bankr. S.D.N.Y. Feb. 5, 2008) (same); In re Calpine Corp., Case No. 05-60200 (Bankr. S.D.N.Y. Jan. 18, 2005) (same); In re Delphi Corp., Case No. 06-44481 (Bankr. S.D.N.Y. Oct. 28, 2005) (same); In re Delta Airlines, Inc., Case No. 05-17923 (Bankr. S.D.N.Y. Sept. 16, 2005); In re Tower Auto., Inc., Case No. 05-10578 (Bankr. S.D.N.Y. Feb. 28, 2005); see also In re Dura Auto. Sys., Inc., Case No. 06-11202 (Bankr. D. Del. Nov. 20, 2006) (same); In re J.L. French Auto. Castings, Inc., Case No. 06-10119 (Bankr. D. Del. Aug. 22, 2007) (a utility provider's lack of objection, response or counter-demand after receiving notice of hearing on utilities motion, notice of interim order and notice of final hearing constitutes tacit acceptance of the debtor's proposed two-week cash deposit as adequate assurance of payment as the term is used in section 366 of the Bankruptcy Code). Accordingly, the Debtors believe that the proposed procedures should be approved.

³ Although the Debtors have attempted to list all of the approximately 1500 Utility Providers on Exhibit C to the Motion, because it would be too voluminous to list all of the approximately 30,000 individual accounts at the Utility Providers, a comprehensive list of these individual accounts can be obtained at www.kccllc.net/Charter or by contacting Albert Kass at KCC via email at akass@kccllc.com or by phone at (310) 776-7360.

or discontinuing service on account of any unpaid prepetition charges and are deemed to have received adequate assurance of payment in compliance with section 366 of the Bankruptcy Code.

3. As adequate assurance of payment for future utility services to the Utility Providers, the Debtors shall deposit \$5,000,000 (the "Adequate Assurance Deposit") into a newly created, segregated, interest-bearing account (the "Adequate Assurance Deposit Account") for the benefit of the Utility Providers.

4. The Proposed Adequate Assurance is hereby approved on a final basis and is deemed adequate assurance of payment as the term is used in section 366 of the Bankruptcy Code.

5. A Utility Provider desiring additional assurances of payment in the form of deposits, prepayments or otherwise must serve a request (an "Additional Assurance Request") in accordance with the procedures set forth on Exhibit 1 annexed hereto (which shall be substantially the same as Exhibit 1 annexed to the Interim Order with appropriate modifications) (the "Adequate Assurance Procedures") upon the Debtors at the following addresses: (a) Charter Communications, Inc., 12405 Powerscourt Drive, St Louis, Missouri 63131-29715, Attn: Brent Trask; and (b) Kirkland & Ellis LLP, Citigroup Center, 153 East 53rd Street, New York, New York 10022-4611, Attn.: Stephen E. Hessler; and upon the Office of the United States Trustee for the Southern District of New York at 33 Whitehall Street, 21st Floor, New York, New York 10004 (collectively, the "Notice Parties").

6. Any Additional Assurance Request must (a) be made in writing, (b) set forth the location for which utility services are provided, (c) include a summary of the Debtors' payment history relevant to the affected account(s), including any security deposits, and (d) explain why

the Utility Provider believes the Proposed Adequate Assurance is not sufficient adequate assurance of future payment.

7. Upon the Debtors' receipt of any Additional Assurance Request at the addresses set forth in paragraph 6 of this Final Order, the Debtors shall have the greater of (a) twenty days from the receipt of the Additional Assurance Request and (b) thirty days from the date on which the Debtors commenced the Chapter 11 Cases (the "Petition Date") (collectively, the "Resolution Period") to negotiate with the Utility Provider to resolve the Utility Provider's Additional Assurance Request.

8. The Debtors may, in their discretion, resolve any Additional Assurance Request by mutual agreement with the Utility Provider and without further order of the Court, and may, in connection with any such agreement, in their sole discretion, provide a Utility Provider with additional adequate assurance of future payment, including, but not limited to, cash deposits, prepayments and other forms of security, without further order of this Court if the Debtors believe additional assurance is reasonable.

9. The Adequate Assurance Deposit attributable for each Utility Provider shall be returned to the Debtors on the earlier of (a) the Debtors' termination of services from such provider and (b) the conclusion of the chapter 11 cases, if not applied earlier.

10. If the Debtors determine that an Additional Assurance Request is not reasonable and is not able to reach an alternative resolution with the Utility Provider filing the Additional Assurance Request during the Resolution Period, the Debtors, during or immediately after the Resolution Period, will request a hearing before the Court on proper notice to determine the adequacy of assurances of payment with respect to a particular Utility Provider (the "Determination Hearing") pursuant to section 366(c)(3) of the Bankruptcy Code.

11. Pending resolution of such dispute at the Determination Hearing, the Utility Provider filing the Additional Assurance Request shall be prohibited from altering, refusing or discontinuing service to the Debtors on account of unpaid charges for prepetition services or on account of any objections to the Proposed Adequate Assurance.

12. A Utility Provider shall be deemed to have adequate assurance of payment within the meaning of section 366 of the Bankruptcy Code unless and until (a) the Debtors, in their sole discretion, agree to an alternative assurance of payment with the Utility Provider or (b) the Court enters an order requiring that additional adequate assurance of payment be provided.

13. The Debtors are authorized, in their sole discretion, to amend the utility service list attached as Exhibit C to the Motion (the "Utility Service List") to add or delete any Utility Provider, and the Interim Order and Final Order shall apply to any Utility Provider that is subsequently added to the Utility Service List.

14. For those Utility Providers that are subsequently added to the Utility Service List, the Debtors will serve a copy of the Motion, the Final Order and the applicable portion of the Utility Service List on the subsequently added Utility Provider. Subsequently added entities would then have twenty days from service of the Motion, the Final Order and the applicable portion of the Utility Service List to make an objection

15. Any Utility Provider who failed to file a timely objection to the Motion in accordance with the objection procedures set forth on Exhibit 1 annexed hereto (the "Objection Procedures") (which shall be substantially the same as Exhibit 1 annexed to the Interim Order with appropriate modifications) is deemed to consent to the Adequate Assurance Procedures and shall be bound by this Order.

16. The Debtors are authorized to take all actions necessary to effectuate the relief granted pursuant to this Final Order in accordance with the Motion.

17. The terms and conditions of this Final Order shall be immediately effective and enforceable upon its entry.

18. The Court retains jurisdiction with respect to all matters arising from or related to the implementation of this Final Order.
