To Whom it May Concern:

Jemison Machine & Welding, Inc., was granted Trucking Authority in 2008. We recently experienced problems with cargo insurance and received a letter stating that our Trucking Authority has been revoked.

The purpose of this letter is to inquire about having the Trucking Authority of Jemison Machine and Welding, Inc. reinstated in consideration of the following information.

The Order of Revocation states that it was revoked because we did not furnish proof of cargo insurance. Our understanding was that since we were granted status as "self-insured" on May 14, 2008, we were under the impression that we did not need cargo insurance since we are self-insured. However, we did have cargo insurance all along because it was required if we carried cargo for a certain trucking customer. Once this relationship with this customer was over, we mistakenly assumed we could drop our cargo insurance. Since we learned that we do indeed need the cargo insurance, we have obtained it from Babs & Associates Insurance. Babs & Associates has forwarded a form H and an ID12 to you.

We apologize for this mistake and ask that you please reinstate our trucking authority. We are a small, family-owned company and would appreciate your help in this matter.

If you have any questions, please contact me at the above address or by phone at (205) 389-4845.

Sincerely,

ORDER

BY THE COMMISSION:

By Petition filed on or about April 14, 2008, Jemison Machine & Welding, Inc., Post Office Box 646, Jemison, Alabama 35085, seeks an order approving Petitioner's qualifications as a self-insurer as to cargo insurance pursuant to Rules 4.2 and 4.5(B) of the Commission's Motor Carrier General Orders, Rules and Regulations.

We have considered the evidence submitted in support of this Petition, and find therefrom that the Petitioner has the financial resources to make compensation to shippers and consignees for all property belonging to them and coming into the possession of the Petitioner in connection with its transportation service, without seriously affecting Petitioner's working capital or ability to provide the public with adequate service; that the public will be protected; and that the approval of the Petition would be consistent with the public interest.

IT IS, THEREFORE, ORDERED BY THE COMMISSION, That the qualifications as a self-insurer as to cargo insurance of Jemison Machine & Welding, Inc., be, and the same are, hereby approved.

IT IS FURTHER ORDERED BY THE COMMISSION, That the Petitioner shall pay any and all lawful claims made against Petitioner for loss of, or damage to, property belonging to shippers or consignees and coming into the possession of the Petitioner in connection with the transportation service.

IT IS FURTHER ORDERED, That this Order shall be effective as of the date hereof.

DONE at Montgomery, Alabama, this 14th day of May, 2008.
