NATURAL GAS

Docket 18046 and SPIRE ALABAMA INC. -- Division Report on Rate RSE as of September
18328 30, 2025

Based on preliminary figures at point-of-test September 30, 2025, the RSE return on average common equity for the rate year ending September 30, 2025, was 9.85 percent, which was within the authorized range and results in no adjustment to rates. The authorized return on average common equity is 9.50 to 9.90 percent.

The preliminary indication is that the company ended Rate Year 2025 within the Cost Control Measurement Range.

Docket 28101 SPIRE GULF INC. -- Division Report on Rate RSE as of September 30,
2025

Based on preliminary figures at point-of-test September 30, 2025, the RSE return on average common equity for the fiscal year ending September 30, 2025, was 9.01 percent, which was below the authorized range and results in no adjustment to rates. The authorized return on average common equity is 9.70 percent to 10.30 percent.

The preliminary indication is that the company ended Rate Year 2025 below the Cost Control Measurement Range.

MEMORANDUM

DATE: October 28, 2025

TO: President Cynthia Lee Almond
Commissioner Jeremy H. Oden
Commissioner Chris V. Beeker, III.

FROM: Jonathan M Kimbril, Director *JMK*
Gas Pipeline Safety Division

SUBJECT: Agenda for November 4th, 2025, Commission Meeting

The following items will be presented to the Commission during the regular November 4th, 2025, Commission Meeting.

GAS PIPELINE SAFETY DIVISION ACTIVITIES
September 2025

Inspections

During the month of September, a total of seventy-two (72) inspections were conducted utilizing one hundred and twenty-three (123) person-days. The inspections are as follows:

		STANDARD INSPECTION	CONSTRUCTION	OPERATOR QUALIFICATION	PUBLIC AWARENESS	IMP / DIMP	CONTROL ROOM MGMT	INCIDENT / ACCIDENT	SECTION 114	DRUG & ALCOHOL	FOLLOW-UP	
GAS PIPELINE SYSTEMS	PRIVATE	1	1	1		1			1		1	TOTAL
	MUNICIPAL	11	5	8	2				9	3	16	
	MASTER METER			1							3	
	LIQUID PROPANE (LP)											
	LIQUIFIED NATURAL GAS (LNG)											
	INTRASTATE TRANSMISSION	3			1					1	1	
	GAS GATHERING											
	OFFSHORE GAS											
LIQUID PIPELINE SYSTEMS	REFINED PETROLEUM PRODUCTS											
	CRUDE OIL	1		1								
	HVL FLAMMABLE / TOXIC											
	CARBON DIOXIDE											
	BIOFUEL											
TOTALS		16	6	11	3	1			10	4	21	72

Enforcement Actions

From the seventy-two (72) inspections shown above, seven (7) enforcement letters of notification were issued leading to twenty (20) non-compliance items. There were thirty-four (34) non-compliance items corrected during the month of September.

Training

Two (2) operator/contractor training sessions on polyethylene (PE) plastic fusion and zero (0) fire response (FR) training were conducted in September:

➤ 9/3/2025	Pickens County Gas	PE	12	Personnel Trained
➤ 9/24/2025	Sylacauga Utilities	PE	34	Personnel Trained

Incidents / Accidents

There were two (2) state reportable incidents, and zero (0) federal incidents reported during the month September.

- 9/10/2025 Huntsville Utilities – During tie-in work on a new section of main, Huntsville Gas employees closed a valve to reduce pressure and gas flow in the area. A second valve located at another point in the system was intended to remain open to maintain gas supply at a reduced pressure during the operation. However, this second valve had previously been left in the closed position, resulting in a complete loss of gas flow. As a result, approximately 160 customers experienced a service outage until the tie-in work was completed and service was restored.
- 9/3/2025 Spire Gulf – A contractor struck a 4” PE Main while excavating. Contractor did not have a ticket. The contractor was reported to the Alabama Under Ground Damage Prevention Authority.

Miscellaneous

The Gas Pipeline Safety (GPS) Division has begun implementing a new training approach for all personnel. GPS has partnered with Energy World Net (EWN) to provide 79 web-based training tasks designed to meet industry standards established by ASME B31Q. This partnership allows GPS inspectors to complete the same training used by many natural gas distribution operators throughout Alabama, promoting consistency and alignment across the state.

Under this program, each training module must be renewed every three years, ensuring that GPS staff receive ongoing instruction relevant to situations they may encounter in daily field operations. In addition to inspectors, office staff will also be enrolled to help develop a foundational understanding of code sections referenced in inspection documentation and how those codes apply to field conditions.

This initiative represents an important step in developing the GPS Division's comprehensive training standards. As GPS transitions to a structured training matrix, each inspector will be required to complete two methods of training in order to be considered fully qualified to perform all types of inspections independently.

Commissioner Chris V. Beeker, III

FROM: Amanda D. Shehane, Director *ALS*
Utility Enforcement Division

SUBJECT: Agenda for the November 4, 2025, Commission Meeting

This memorandum reflects the Utility Enforcement Division's (UED) report describing the major tasks, inspections, and activities accomplished by its staff during September 2025.

RAILWAY SAFETY

The track inspection results below reflect activity by our Railway Safety (RWS) Staff in the field.

Rail Carriers Visited	Regular Track Inspections	Track Defects Identified	Violations Recommended	Track Miles Inspected	Track Turnouts Inspected
8	24	64	0	106	170

The table below reflects track safety observations in which no non-compliant conditions were identified. Thirty-three roadway workers, bridge workers, and practices were observed.

Railroad Bridge Observations	Roadway Worker Protection	Roadway Maintenance Machines	Bridge Worker Safety
0	13	6	0

The data in the table below was collected from Motive Power & Equipment (MP&E) inspections performed on locomotives, freight cars, tank cars, and other railroad equipment.

Rail Carriers Visited	Regular Eqpt. Inspections	Defects Identified	Violations Recommended	Number of Units Inspected
5	8	48	0	317

The table below shows the Operating Practices (OP) inspections performed on railroad operations.

Rail Carriers Visited	Regular OP Inspections	Defects Identified	Violations Recommended	Eqpt. Securement Observed
4	7	7	0	6

The table below shows observations completed by the MP&E and OP Inspectors in which no non-compliant conditions were identified.

Air Brake Tests	Blue Flag Protection	End of Train Devices
1	2	0

The data below reflect both track and MP&E inspectors' records of inspection reviews on railroad inspections, repair records, and highway grade crossings.

	Track Inspection Records	MP&E Railcar & Locomotive Repair Records	Highway Grade Crossings
Inspections	0	1	2
Units Inspected	0	29	13
Defects	0	0	0

The National Response Center (NRC) reported five incidents in September.

1. An argon gas release due to a faulty valve in Birmingham on **NS**.
2. A trespasser strike with injury requiring life-flight in Athens on **CSX**.
3. A vehicle strike with fatal injuries in Hartselle on **CSX**.
4. A vehicle strike with unknown injuries in Dothan on **CSX**.
5. A mainline 23-car derailment with no injuries or releases in Parrish on **NS**.

There were also two complaints and one injury reported via telephone or email in September.

1. A grade crossing ride quality/safety complaint was reported in Reform.
2. A grade crossing ride quality/safety complaint was reported in Boaz.
3. A bridge worker injury in Tuscaloosa on **ABS**.

Both crossing complaints were investigated by inspection staff. While there were no regulatory deficiencies identified, staff discussed the degrading conditions of the crossings with railroad personnel, and the railroad made plans for repairs. Both complaints were closed.

The mainline derailment involved hazardous material cars, but there were no ruptures or releases. RWS staff is investigating the derailment in a concerted effort with the FRA. No cause has been identified, and the accident is still under investigation.

Operating Practices inspection staff participated in an audit of railroad operational testing requirements and railroad Part 217 program compliance in Mobile on the Alabama Export Railroad with FRA OP inspectors. The OP inspector also participated in training for his FRA OP Fundamentals 2 course in Pueblo, CO, and is progressing well through his training.

MOTOR CARRIER SERVICES

The Motor Carrier Services (MCS) staff accomplished the following regarding state authority to operate as a motor carrier in Alabama with proof of insurance coverage:

Vehicle Registration Numbers	Intrastate Applications		NOL Processed/ Closed Intra Applications	Under Legal Division Review	New Authority Approved	Motor Carrier Authority Inquiries		
	Processed	Returned				Phone	E-mails	Others
16	14	3	5	11	8	62	49	10

MCS staff members handled the tasks shown below regarding insurance coverage, prepared correspondence that challenged incorrect filings, and addressed related inquiries:

Insurance Filings Received	Revocation Orders	Reinstatement Orders	Miscellaneous Actions	Letters Sent	Insurance Inquiries	
					Phone	E-mails
300	23	20	3	31	51	197

The MCS Section addressed the following Unified Carrier Registration (UCR) responsibilities:

UCR Applications		UCR Mailouts for 2025	UCR Audit Correspondence	UCR Inquiries	
Received	Returned			Phone	E-mail
0	0	65	31	45	23

As of September 30th, 8,790 Alabama carriers (93%) were registered for the 2025 UCR, with 646 remaining unregistered. Our office received funds from the UCR Depository for August online payments processed through the National Registration System (NRS) from 218 carriers domiciled in Alabama and non-participating states. The 2024 UCR registration year closed at the end of September with 9,971 Alabama carriers (97%) registered, leaving 355 unregistered.

The staff also assisted motor carriers in making necessary changes to their operating status with the Federal Motor Carrier Safety Administration (FMCSA). Four MCS-150 forms contained updates to the motor carriers' USDOT number data.

MCS staff participated in the UCR Board meeting call and the UCR Finance Subcommittee call during the month.

In September, one passenger tariff for **Jefferson and Jefferson Express, L.L.C. (C4172)** was rejected due to formatting issues.

Staff participated in one passenger carrier hearing held during September for:

- **Reliable Rides Caring Service, LLC**

FROM: John D. Free, Director *JDF*
Electricity Policy Division

SUBJECT: Agenda – November 4, 2025 Commission Meeting

The Electricity Policy Division will present the following items at the November 4, 2025 Commission Meeting.

ELECTRICITY

ALABAMA POWER COMPANY

Dockets 18117 Division Report on Rate RSE and Rate ECR as of September 30, 2025
and
18416; The Electricity Policy Division performed the regular monthly examination
18148 of the books and records of Alabama Power Company. Below is a table
containing selected financial highlights concerning Rate RSE and Rate
ECR. Additionally, the Division's calculations and determination of the
December 2025 Weighted Return on Average Retail Common Equity
(WRRCE), actualized through September 2025, can be found on page 2 of
this report.

Rate RSE Forecast		Rate ECR Summary
12 Months Ending DECEMBER 31, 2025		Energy Cost Over/(Under) Recovered for SEPTEMBER 2025
6.56% WRRCE		(\$3,571,750)

*The authorized Weighted Return on Average Retail Common
Equity Range is 5.75% - 6.15%.

ELECTRICITY POLICY DIVISION
Alabama Power Company
Weighted Return on Average Retail Common Equity Calculation
Forecast - 12 Months Ending December 31, 2025

Common Equity as of September 30, 2025		\$14,116,928,011
Add Budgeted Net Income:		
October through December 2025	\$301,300,973	
Add Budgeted Capital Contributions:		
October through December 2025	\$8,254,557	
Add Other Adjustments:		
October through December 2025	\$0	\$309,555,530
Deduct Budgeted Stock Dividends:		
October through December 2025	\$300,174,363	\$300,174,363
Projected Common Equity for December 31, 2025		\$14,126,309,177
Projected Average Common Equity		
For the 12 Months Ending December 31, 2025		\$13,790,984,644
Projected Retail Investment Separation Factor		94.94%
Projected Average Retail Common Equity		
For the 12 Months Ending December 31, 2025		\$13,093,160,821
Projected Retail Net Income		
For the 12 Months Ending December 31, 2025		\$1,578,537,312
Projected Common Equity Percentage of Capital Structure		
For the 12 Months Ending December 31, 2025		54.42%
Projected Weighted Return on Average Retail Common Equity (WRRCE)		
For the 12 Months Ending December 31, 2025		6.56%

As of September 30, 2025, the Common Equity (Actual) was adjusted using net income, payment of Common Stock and Preferred Stock dividends, Capital Contributions, and Other Adjustments from the Company's 2025 budget. The average common equity is a 12-month average using both actual and budgeted data. The average retail common equity (RCE) was calculated using the retail separation factor of 94.94%. The retail net income (RNI) for average common equity and the common equity percentage (CEP) were calculated using actual data for the nine months ended September 30, 2025, and then adding three months of budget data for October through December 2025. The Other Adjustments, if any, result from the Company adopting FASB Statement 123 (R), which requires reporting stock option expenses.

The Forecast is subject to change due to uncertainties associated with weather, customer usage patterns, and economic conditions across the state.

ELECTRICITY POLICY DIVISION AGENDA

November 4, 2025 Commission Meeting
