Dear Mr. Thomas:

In conjunction with the Alabama Public Service Commission's (the "Commission") annual certification requirements, please find attached for electronic filing Hayneville Fiber Transport, Inc d/b/a Camellia Communications ("Camellia") certification that it is eligible to continue to receive federal high-cost universal service support for the year 2027, in accordance with the requirements of Section 254 of the Telecommunications Act of 1996, 47 C.F.R. § 54.314, APSC Docket No. 25980 and FCC WC Docket No. 14-58. CERTIFICATION

In its September 27, 2016 Order in APSC Docket 25980, this Commission undertook substantial revisions to its previous order of December 20, 2001, in this same docket, which required the "rural LEC Cost Companies" to file with the Commission a copy of their supporting annual interstate cost separation study, annual USF-HCLS filing and estimated USF-LSS filing for review, and the "rural LEC Average Schedule Companies" to file a copy of the Universal Service Administrative Company's ("USAC") and the National Exchange Carriers Association's ("NECA") proposed annual USF-HCLS and USF-LSS amounts for review.

In particular, this Commission found that the provisions of the Federal Communications Commission's ("FCC") Connect America Fund Order (*Report and Order and Further Notice of Proposed Rulemaking, Connect America Fund; A National Broadband Plan for Our Future; Establishing Just and Reasonable Rates for Local Exchange Carriers; High-Cost Universal Service Support; Developing an Unified Intercarrier Compensation Regime; Federal-State Joint Board on Universal Service; Lifeline and Link-Up; Universal Service Reform – Mobility Fund*, WC Docket Nos. 10-90, 07-135, 05-337, 03-109; GN Docket No. 09-51; CC Docket Nos. 01-92, 96-45; WT Docket No. 10-208; and FCC 11-161, rel. Nov. 18, 2011) supersede and replace the requirements applicable to previous high-cost funding mechanisms. Eligible telecommunications carriers ("ETCs") now receive high-cost support that includes local switching support, and the FCC has implemented extensive reporting requirements for recipients of these funds. Because of these changes, the Commission found that it can adequately assess the Rural LECs' compliance with these federal reporting requirements based on a review of the annual FCC Form 481s submitted by the Rural LECs.

Accordingly, Hayneville Fiber Transport, Inc. d/b/a Camellia Communications ("Camellia") certifies that it has timely filed its Form 481 for the program year 2027 as required. Camellia further certifies that all federal high-cost support provided to Camellia was used in the preceding calendar year and will be used in the coming calendar year only for the provision, maintenance and upgrading of facilities and services for which such support is intended, consistent with Section 254 of the Telecommunications Act of 1996.

Camellia respectfully requests that the Commission notify the FCC prior to October 1 of this year that Camellia is eligible to receive federal high-cost support in 2027. Any questions regarding this submission or the underlying documentation submitted to the Commission should be directed at (270) 558-0420.

Respectfully Submitted,

HAYNEVILLE FIBER TRANSPORT, INC.
