**Alabama Power Company,**  
Petitioner

**Petition:** For approval of the forty-seventh revision of Rate PAE (Purchase of Alternate Energy) based on updated costs and avoided cost data filed February 13, 2026.

**Docket No. 18005**

**ORDER**

**BY THE COMMISSION:**

On February 13, 2026, Alabama Power Company (“Alabama Power” or “the Company”) filed its annual update to Rate PAE (Purchase of Alternate Energy). Rate PAE provides terms and rates for the sale of alternate electrical energy from certain qualifying customers to Alabama Power. As with prior revisions to the rate, the base charges and energy payments set forth reflect updated costs and avoided cost data for Alabama Power Company. The Company proposes that the revisions become effective beginning with April 1, 2026 billings.

Our staff has reviewed the filing and finds that the proposed revisions are proper and recommends approval. We have examined Alabama Power’s filing, as well as the recommendation by the staff. We find that it would be in the public interest to approve the proposed revisions that are before us.

**IT IS, THEREFORE, ORDERED BY THE COMMISSION** that the proposed revisions to Rate PAE, as set out in the above-referenced petition, are hereby approved.

**IT IS FURTHER ORDERED BY THE COMMISSION** that the revisions approved herein shall be effective for billings beginning April 1, 2026.

**IT IS FURTHER ORDERED BY THE COMMISSION** that jurisdiction in this cause is hereby retained for any further order or orders that this Commission may find just and reasonable under the circumstances.

**IT IS FURTHER ORDERED BY THE COMMISSION** that this Order shall be effective as of the date hereof.

**DONE** at Montgomery, Alabama, this 3rd day of March, 2026.
