SECTION 3 - SERVICE DESCRIPTIONS AND RATES (CONTINUED)**3.4 Prepaid Institutional Calling Services, (Continued)****3.4.3 Inmate Debit**

(N)

Inmate Debit is a prepaid telephone account offering made available to Inmates by the Company when permitted by the Confinement Facility. Inmate Debit provides an alternative method for Inmates to prepay for and make calls. An Inmate Debit account associated with the Inmate's Personal Identification Number (PIN) is automatically established by the Company. Inmates fund and replenish their Inmate Debit account through electing to transfer funds from either their facility's inmate trust fund or commissary account to their Inmate Debit account. Inmate Debit accounts may also be funded by inmate friends and family members via the Company's points-of-sale. Funds placed in this account become the property of the inmate.

Inmate Debit calls are processed by dialing a special access dialing sequence that connects directly to the Company's network at the Confinement Facility. Inmates must enter a valid Authorization Code to access their Inmate Debit account. The Company's system automatically informs the Inmate of the prepaid balance remaining on the Inmate Debit account prior to each call, provides prompts to place the call by entering the destination telephone number, and informs the Inmate of the rates for the call being attempted. Call charges are deducted from the prepaid account balance on a real-time basis as the call progresses. Applicable state taxes and fees are in addition to the rates and charges for calling service. During an Inmate Debit call, when the prepaid account balance is one minute prior to depletion, the Inmate will be interrupted with such an announcement.

Inmate Debit services are available twenty-four (24) hours a day, seven (7) days per week to all terminating locations serviced. Access to such telephone services by an Inmate may be subject to time-of-day and usage restrictions imposed by individual Confinement Facilities. No minimum service period applies. For debiting purposes, call timing is rounded up to the nearest one (1) minute increment. Usage charges are computed and rounded up to the nearest one (1) cent on a per call basis. Prepaid balances are not charged for incomplete calls.

Refunds of unused Inmate Debit account balances are issued by the entity controlling the actual cash deposits, which is either the Company, the commissary, the Confinement Facility or its agent, depending on the specific arrangements, unless otherwise directed by state law. Depending on the entity issuing the refund, refund fees and/or minimum refund amounts may apply. The prepaid balance expires ninety (90) days from the date of the last call placed on the Inmate Debit account unless alternative arrangements are expressly requested by the Confinement Facility. No refunds of unused balances will be issued after the expiration date.
